

# StiftungsZentrum.ch GmbH Switzerland

**Your Partner for Philanthropy Know-how**

The **StiftungsZentrum.ch GmbH** supports **Philanthropists, Foundations** and **Socially responsible Corporations** by

- assisting with the **set-up of a philanthropic vehicle** - from the concept to the realization
- the **management of foundations** - from the efficient management concept to the most favorable financial policy and the optimal investment strategy
- the **strategic communication** - from corporate identity to public relations
- the **evaluation of philanthropic engagements** – from the project selection to realization

and is focused exclusively on helping to **create greater value with an efficient strategy according to your philanthropic objectives.**

## We support you by:

- initiating the **set-up** - from the definition and examination of the foundation's concept to the formation of the foundation, the development of a specific foundation profile, the analysis and counsel on the formal requirements, the negotiations with the various authorities (e.g. tax exemption) etc.
- advising on the development of a **foundation strategy** - from the foundation's objective to the realization of the strategic goals and the determination of the respective operational activities
- the development of an efficient **organization** - from the formation of the foundation's board to the professional management of the foundation based on generally accepted principles of good governance
- the **search and evaluation** of foundation board members, managing directors and senior personnel

... and by:

- the development of an efficient **foundation management** including accounting or the complete foundation administration
- the establishment of **effective grantgiving process**
- the **continuing financial planning** with the most favorable financial policy and optimal investment strategy
- the **communication & information management** – from corporate identity to public relations
